### VEGETABLE SEED

### GENUINE SWEET SPANISH VALENCIA ONION SEED

Commercial plantings at Rocky Ford, Idaho, Utah, New Mexico, and Indiana, have vindicated our claim that our original strain was vastly superior to any reproduction. Ask any grower who has seen a crop grown from H. B. seed. He will tell you of better tonnage, larger, sweeter onions, greater uniformity and higher grading.

New Crop seed now available for shipment from New York.

N.B. Please examine our Flower Seed Prices on page 6.
